## 01: NEWS FROM HQ

*In a gentle way, you can shake the world.*

said the Father of Our Nation, Mohandas Karamchand Gandhi. On 2<sup>nd</sup> October 2020, Friday it will be 151 years since the Mahatma was born. A day of celebration in India and world over. On this joyous day, let us look at some of the most inspiring teachings of our beloved Gandhiji:

*It's the quality of your life that matters not the speed with which you live.*

Always inspiring us to live our lives to the fullest but slowly.

*Even if you are a minority of one, the truth is the truth.*

Reminding us that the Truth and the Truth alone will triumph.

*You must be the change you wish to see in the world.*

Telling us that change begin from us.

*The day the power of love overrules the love of power, the world will know peace.*

Believing and spreading love.

*The future depends on what you do today.*

Making sure we know that action is the only thing that will change the future.

*Live as if you were to die tomorrow. Learn as if you were to live forever.*

Inciting us to keep learning and keep living.

*A man is but the product of his thoughts. What he thinks, he becomes.*

Showing us that our thoughts make us.

*An eye for an eye will only make the whole world blind.*

An important and vital lesson in forgiveness.
